14-9-AH/Stray Cattle/2012-13/6836

The Goa Stray Cattle Management Scheme, 2013

Whereas, the Government of Goa deems it expedient to frame a scheme for the purpose of checking the menace of stray cattle in the State of Goa.

Now, therefore the Government of Goa is hereby pleased to frame the following Scheme namely:—

1. *Short title and commencement.*— (1) This Scheme may be called the Goa Stray Cattle Management Scheme, 2013.

(2) It shall come into force with effect from the date of its publication in the Official Gazette.

2. *Introduction.*— The Government of Goa is concerned about the stray cattle menace which is causing traffic obstruction, deaths due to accidents on roads, agricultural damage and intrusion into the touristic places like beaches. The traffic on Goa's roads is ever increasing and with it the road accidents are on the increase. It is observed that several of the road accidents are caused due to direct vehicular hits to the animals or because the driver of the vehicle had to turn to avoid hitting the animals on the road. Animals on the road are accident prone and pose greater problems

during the night hours when visibility becomes poor and movement of traffic goes faster.

The animals not only get injured or killed but invariably involve human beings getting injured or even killed in the accidents. It is desirable that animals are not found roaming freely on the roads or near wayside garbage bins etc.

Goa being a tourist destination, the stray animals on the beaches and wayside conveys an ugly picture of Goa. These animals should be shifted to a place where they can be better looked after, rather than being left to go about as scavengers and be a nuisance to tourists.

For past few years agriculture is on the decline. The few enthusiastic farmers who still would like to pursue agriculture have to spend large amount of money to fence their agricultural crops so as to prevent stray animals from destroying their standing crops.

To overcome this nuisance on the roads, to improve the image of the State and to help encourage agriculture, a scheme needs to be formulated to control the stray animal menace by appointing an agency to impound the stray cattle from the roads.

The scheme envisages the impounding of the stray cattle and transporting them by specialized vehicle to the Government Cattle Pound, where arrangements will be made to look after the animals.

To make the scheme citizen centric, the scheme encourages the citizens to inform the Commissioner, Corporation of the City of Panaji or person/individual nominated by him on mobile about the presence of the stray cattle in any area, the mobile number shall be widely publicized and displayed at all the municipalities, panchayats and public places.

3. *Objectives.*— (a) To ensure removal of stray cattle from public areas without injuring them and carry them safely to a place where they will be fed properly and looked after in a humane manner.

(b) To make farmers responsible for tethering their own animals.

(c) To ensure that animals on grazing be accompanied by a responsible shepherd/owner.

(d) To ensure agriculture is not damaged by stray cattles.

4. *Definitions.*— (a) “Agency” means the Corporation of the City of Panaji;

(b) “Director” means the Director of Animal Husbandry and Veterinary Services;

(c) “Government Cattle Pound” means the Government Fodder Seed Production Farm at Kalay, Sanguem Taluka-Goa or any other Government facility that is declared to be used for the purpose of the scheme.

(d) “Stray Cattle” includes all bovine species which are found roaming freely on public places without any person/shepherd attending on them.

(e) “Scheme” means the Goa Stray Cattle Management Scheme, 2013.

5. *Impounding (Catching and Transportation) of Stray Cattle.*— The Agency shall be responsible to catch the stray cattle from the roads, beaches, fields, public places and transport them to the Government Cattle Pound. The Agency shall impound, look after the animals during the holding period and transport the animals by specialized vehicle to the Government Cattle Pound, and hand over the impounded cattle to the In-charge of the Government Cattle Pound at Kalay with an acknowledgement.

The Police shall render all the protection required for a successful implementation of the scheme. Co-operation of the concerned municipalities and the village panchayats shall be the pivotal factor in the success of the scheme.

6. *Housing of Stray Cattle.*— The Stray Cattle will be maintained at the Government Cattle Pound, Kalay, where feed, fodder, water, shade and pound keeper will be provided to the impounded cattle. Medical care and cross-breeding activities will be undertaken as and when required.

7. *Procedure for release of impounded cattle.*— (a) The claimant will have to prove his ownership by making a representation to the Director through the Panchayat/ Municipality. He shall produce a letter from the Village Panchayat countersigned by the Assistant Director/Veterinary Officer stating therein that he is the owner of the impounded cattle. Thereafter, on scrutinizing the application, if the Director in his opinion is convinced that the claimant is the legal owner of the impounded cattle, shall direct the In-charge of the Government Cattle Pound to release the impounded cattle subject to payment of the specified fines as per clause (c) below.

(b) The Cattle taken to the Government Cattle Pound shall be released on payment of fine and cost of removal as also an undertaking from the owner that he shall not allow cattle to escape again on roads etc.

(c) The release of the stray cattle will be subject to the payment of cost of removal and fines as follows:—

(i) Cost of removal..... Rs. 1,000/- (Rupees one thousand only).

(ii) If the stray cattle is claimed within a period of 7 days Fine of Rs. 3,000/- (Rupees three thousand only) plus delivery charges.
